

Statement

The School caters for pupils with Social, Emotional and Mental Health issues (SEMH). Currently and historically the pupils who attend the school have been able-bodied. However, the School acknowledges the Equality Act 2010 and takes reasonable measures to meet the needs of its pupils, staff and visitors to give equality of opportunity to access the school's facilities.

The School would consider the need to make reasonable adjustments on a case by case basis to meet individuals' needs.

The development of new buildings will incorporate the accessibility requirements of the Act.
